YOUR PPP CONTACTS

an.vandenbosch@arche-consulting.be
inge.huysens@arche-consulting.be

- ▶ Tailored approach
- ▶ Providing solutions when standard risk assessments fail
- ▶ Expert team, including several 'European Registered Toxicologists' and 'SETAC Europe Certified Environmental Risk Assessment Assessors'
- ▶ Expertise in all environmental compartments (soil, groundwater, surface water, sediment).
- ▶ Successful registrations of PPPs for professional as well as amateur use
- ▶ Addressing questions of evaluating authorities and follow-up of applications till approval
- ▶ Our service includes data gap analysis for active substance and product dossiers (chemical/microbial PPPs, plant extracts, biostimulants, ...), study monitoring, redaction of labels
- ▶ Always ahead: e.g. participation in European Research projects (EFSA): Updating SANCO guidance document on persistence in Soil
